

2012

<http://www.ii.uib.no/~arntzen/kalender/>

The calendar is a paper craft for the year 2012. It consists of twelve monthly calendars arranged in a circular pattern. Each month's calendar is contained within a hexagonal shape. The months are: January, February, March, April, May, June, July, August, September, October, November, and December. Each calendar shows the days of the week (Mo, Tu, We, Th, Fr, Sa, Su) and the dates. Some dates are highlighted in red. The entire calendar is surrounded by a solid line for cutting and a dotted line for folding.

Cut along solid line; score and fold along dotted lines.
